

Reduced Fish And Chip Restaurant In mijas

Costa For Sale

Overview of the business

Full Description: If good 'Fish n Chips' is a recipe for success, how about fish and chips slap bang in middle of the most sought after resort on Mijas Costa?

Family owned for 7 years, with fully audited accounts to match, this business is located in the heart of a working town and thriving resort where British tourists and expats come in their droves.

This is a highly visible business, not tucked away in a back street; it's on the main thoroughfare where the footfall is greatest.

Covering two floors, where the basement is mostly used for private functions, there is seating for around 40 covers with an additional 16-20 on the front terrace.

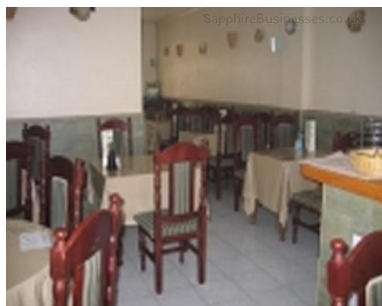

The current owners open for 3 hours in the evening 6 days a week so there is huge potential for growth by extending the working hours.

This is truly a fabulous opportunity, as this is the only business of its type in the resort and has a reputation as being the best in the area.

Furthermore, it's heaven sent for a family who run a similar business in a greyer colder climate who want to do the same thing where the sun shines for 300 days a year.

This is a well run, financially sound professional business and this is reflected in the asking price of 99,000€. However, the owner is mindful of the financial climate and is therefore open to serious, intelligent offers
